

# 3<sup>rd</sup> International e-Health & Telemedicine Workshop

CPD/CME  
Points  
Available

27th - 28th November 2008

University Club of Western Australia, Perth

[www.centreforehealth.org.au](http://www.centreforehealth.org.au)

The Centre for e-Health is holding the 3rd International e-Health and Telemedicine workshop. This year we have put together a new and exciting format as suggested by previous participants. Experts from around the globe will be ready to discuss successfully implemented telemedicine and e-Health projects. Be prepared to take home a new knowledge and understanding of how to implement and successfully run telemedicine projects.

#### Topics of discussion include:

- Digital Homecare
- Tele-Emergency Medicine
- Electronic Health Records
- e-Health Systems
- Round Table Discussions on e-Health and Telehealth - Discussion on Implementation, success, failures and issues.
- Hands-On Courses on Teleotology, Telepaediatrics, and Telemedicine Project Management (for Vendors and Industry)

#### Some Speakers at this year's workshop include: (refer to the website for comprehensive list of speakers)

Irma Velazquez, Health Information Technology Manager, WHO/UN
